WELCOME

About this catalog

Design work will be done through K2 Designs Ltd, a Dracon Group company (incorporation in progress). The standard signs are designed around a 2 ft × 2 ft format and will be cut on a fiber-laser table, with a CNC plasma table for heavier plate.

HOW IT WILL WORK (FROM Q3 2027)

- Choose a design from this catalog, or bring your own idea.
- Personalize it: family name, house number, dates or a short message.
- Choose a finish: black powder coat, rust patina or brushed stainless.
- A to-scale proof will be sent; nothing will be cut until it is approved.

Layered Premium

Any design can be planned as 2–3 laser-welded layers with mixed finishes, e.g. brushed stainless with black.

LARGER SIGNS

Larger & business signs

Larger signs (4 ft × 4 ft and up) will be made by splitting the design into 2 ft × 2 ft sections, laser welded into one piece, or cut in one piece on the plasma table. Business and commercial signage will be designed from customer-owned artwork.
